

# Elite Fleet Forum

Fellow Fleet Managers,

We are having our second bi-annual meeting and the theme is “**Elite Fleet**” you are invited to a **free forum** Thursday, October 29, 2015, Marietta, Georgia to discuss: alternative fuels, emerging technologies, best practices, recruiting and retaining the next generation of fleet professionals just to name a few benefits. This Forum will be facilitated by Al Curtis, Fleet Management Director, Cobb County Government.

At the “Elite Fleet Forum” you will network, meet suppliers, service providers, and manufacturers that offer cutting edge content and solutions to some of our common fleet challenges and engage in high level debate with industry experts.

We are reaching out to fleet managers, purchasing managers, finance managers or anyone that is entrusted to manage an efficient fleet or tasked with vehicles administration.

The host of speakers will discuss how to initiate change, improve efficiency in green fleet management, and discuss ways to reduce costs, improve productivity and environmental performance.

So whatever the challenges you are facing within your fleet you’ll probably find the answers at this forum.

**Thursday, October 29, 2015**

**9:00am to 2:30pm**

(lunch included)

Cobb County Sheriff's Administration Building

Muster Room

1831 Bill Hutson Way SW
